SECTION ONE

This section introduces the reason for the consultation. It provides information about why West Lothian Council is proposing to review admission arrangements as a result of alteration to denominational primary school catchment areas.

1.1 PURPOSE OF THE DOCUMENT

The purpose of this document is to advise:

1. West Lothian Council's proposals to review admission arrangements as a result of alteration to the denominational primary school catchment areas of:
 - I. St Anthony's PS,
 - II. St Mary's (Bathgate) PS and
 - III. St Joseph's (Whitburn) PS.
2. The educational benefits of the proposals and how they will make things better; and
3. Information on how you can give your views and take part in the consultation process.

West Lothian Council believes that thorough and effective consultation will support better outcomes for pupils, their families and the wider community as a whole.

Public consultations are necessary when a local authority is proposing to make a change to the school estate in this instance, proposed amendment to school catchment areas. To carry out a public consultation the Council requires to follow the statutory guidance outlined in the Schools (Consultation) (Scotland) Act 2010. With this in mind this document is organised into three sections:

Section 1 of this document introduces the proposals and gives background and rationale.

Section 2 contains the educational benefits statement and provides an assessment of the effects of the proposals on the children/young people and their families of the affected schools.

Section 3 details how West Lothian Council has organised the consultation process to meet the requirements of the legislation and how you can take part and give your views.

1.2. Background & Rationale for change

The proposed changes to denominational primary school catchments are to ensure that catchment boundaries fit better with local community ties and ensure better alignment with community council and natural geographic boundaries.

The proposals cover 3 separate small alterations. They vary between 1 and 7 residential properties. Although the changes are relatively minor in scale they are important in improving current and future community alignment with primary school catchments.

1.3.1 Balgornie

The proposed area of change contains 1 residential property. It is currently located in the St Anthony's Primary School catchment and the proposal is to change to the St Joseph's (Whitburn) Primary School catchment.

The proposal aligns the Whitburn Community Council area with the St Joseph's (Whitburn) Primary School catchment.

There are no children currently attending West Lothian primary schools.

1.3.2 Hardhill Farm

The proposed area of change contains 3 residential properties. It is currently located in the St Anthony's Primary School catchment and the proposal is to change to the St Mary's (Bathgate) Primary School catchment.

The proposal aligns the Bathgate Community Council area with the St Mary's (Bathgate) Primary School catchment.

There are 2 children currently attending West Lothian primary schools who both attend Windyknowe PS.

1.3.3 South Couston

The proposed area of change contains 7 residential properties. It is currently located in the St Mary's (Bathgate) Primary School catchment and the proposal is to change to the St Anthony's Primary School catchment.

The proposal aligns the Armadale Community Council area with the St Anthony's Primary School catchment.

There are 3 children currently attending West Lothian primary schools. 2 attend Westfield Primary School and 1 attends St Mary's (Bathgate) PS.

1.4 Admission Arrangements

There will be no impact to pupils currently in attendance at West Lothian schools as a result of proposed variations to school catchment areas. All pupils will continue to attend their existing schools for the remainder of their primary stage education if that is their wish.

1.5 SUMMARY OF PROPOSALS

Review admission arrangements as a result of alteration to the current denominational primary school catchment areas of:

- I. St Anthony's PS,
- II. St Mary's (Bathgate) PS and
- III. St Joseph's (Whitburn) PS.

The principal aims of the proposals are to ensure that catchment boundaries fit better with local community ties and ensure better alignment with community council and natural geographic boundaries and address the demands of future housing developments and ensure the best use of existing and future school capacities in West Lothian denominational school catchment areas.

SECTION TWO

This section contains the expected educational benefits to be gained should the proposals come to fruition.

2.1 EDUCATIONAL BENEFIT STATEMENT

Whilst assessing the educational benefits of the proposals, the undernoted factors were considered:

- **Curriculum For Excellence**

Curriculum for Excellence is the national curriculum of experiences and outcomes for all pupils, 3-18 years.

The national guidance from Education Scotland encourages education authorities to ensure that curricular provisions offer opportunities for learners to achieve across all curricular areas and develop skills, attributes and capabilities through courses aligned with the key principles of Curriculum for Excellence: challenge and enjoyment, breadth, progression, depth, personalisation and choice, coherence and relevance.

A key educational advantage is that the affected schools will continue to be fully equipped to deliver the full breadth of Curriculum for Excellence.

Continued engagement of creative teaching and learning approaches in a viable and sustainable school establishment broadens scope for attainment and achievement and builds a positive ethos for staff and pupils alike.

- **Admission**

There will be no impact to pupils currently in attendance at West Lothian schools as a result of proposed variations to school catchment areas. All pupils will continue to attend their existing schools for the remainder of their primary stage education.

Younger siblings of pupils currently attending schools would retain the catchment status of the older sibling and would be permitted to attend the existing primary school establishment if parents wish siblings to attend the same primary school.

This catchment status would remain until such times that the sibling link is broken i.e. should the elder sibling leave primary stage education prior to commencement of the younger sibling at primary school.

Criteria for admission will continue to be in accordance with West Lothian Council's current admission arrangements. [West Lothian Council Primary School Admission Policy](#)

All other existing catchment area criteria for each of the denominational primary schools highlighted in this report will remain unchanged.

- **School Capacity**

West Lothian Council do not anticipate any impact to existing school capacities at the detailed schools as a result of the proposed school catchment alterations.

- **School Management/Staff Teams**

West Lothian Council do not foresee alteration to current school management structures at the schools detailed in this report. All existing staffing facilitations and day to day operations within each of the schools will continue as is.

Any amendments to current staffing will be undertaken in accordance to West Lothian Council statutory recruitment processes.

- **School Transport**

Any requests for school transport provisions will be considered in accordance with West Lothian Council's School Transport Policy. [West Lothian Council School Transport Policy](#)

- **Transition**

St Anthony's PS, St Mary's (Bathgate) PS and St Joseph's (Whitburn) PS will continue to be aligned to St Kentigern's Academy.

Transition programmes currently adopted will be unaffected by the proposed amendment to catchment allocation. All of the relative establishments will endeavour as always to ensure the transition process will continue to be a seamless and positive experience for those pupils involved.

- **School Grounds/Outdoor Learning/Playground**

The school grounds and playground areas at the identified primary schools will continue to offer ample scope for development of the outdoor classroom. This will have a positive impact on the learning environment for all pupils and will support the development of good relationships and positive behaviour, not only in the classroom, but also outdoors and in the wider community.

Car parking and pupil drop off / uplift areas will continue to ensure safe and efficient traffic flow. Appropriate car park protocols and risk assessments will be maintained.

- **Breakfast / School Clubs**

Breakfast clubs will continue to provide pupils with a healthy breakfast and offer opportunity to sample and develop preferences for healthy options. The aim of the club is to establish positive relationships at the start of the school day and improve attitude, behaviours and motivation to learn.

Pupils will continue to be invited to take part in a wide range of extracurricular activities. Activities are designed to offer opportunity to learn new skills and enhance experiences. Participation in these activities promotes and encourages social interaction, confident individuals, effective contributors and responsible citizens.

- **Parental Involvement**

Parents and carers are an integral part of the school community with their ongoing contributions and working partnerships being considered key to the success of the school.

West Lothian Council do not foresee any impact to existing opportunities for parental involvement and engagement as a result of the intimated proposals.

A principal focus as always is the delivery of a welcoming school that is inclusive for all parents, carers, pupils and staff.

- **Community Links**

All external links that each of the highlighted primary schools has established will

remain with each establishment continuing to have clear and distinct associations within the local community.

- **Benefits for Any Other School Users**

The proposed changes will have no impact on existing external school users. All existing provisions for other school users will continue as a result of the proposed catchment area review.

SECTION THREE

This section provides information on the Integrated Impact Assessment (IIA) conducted by Council officers to meet statutory equality duties, to assess policies and practices and ensure compliance with all legislative requirements.

INTEGRATED IMPACT ASSESSMENT

To meet statutory equality duties, the Council conducts an Integrated Impact Assessment (IIA) to critically assess policies and practices and ensure compliance with all legislative requirements.

The aim of an IIA is to examine policies and practices in a structured way taking account of equality, human rights and socioeconomic disadvantage (poverty) implications when making decisions, ensuring the impact within the community is recognised and addressed accordingly.

IIA screening is completed using the Council's Integrated Impact Assessment Toolkit and allows the Authority to recognise positive steps it can take to promote fairness and equality of opportunity for all.

As part of the consultation process the Council will consult with a wide range of stakeholders, staff, parents/carers and young people and will welcome and address comments on the IIA process.

The outcome of the Integrated Impact Assessment will inform the Final Consultation Report and the Council's consideration of the proposed changes prior to reaching a decision on whether they should be implemented.
